GENERAL AND REVENUE SECRETARIAT

Serial Nos Four

Part B for January 1944

SUBJECT

Estimates amounting to Rs 5,490/- and Rs 46351 for the Drainage Scheme of the Malkoto Minor Municipality

---

To The Dy Comm'r, Mandya District
" Comptroller & Govt
" Chief Engineer & Mysore
" Director of Public Health

GO no L 6681-4 dy 4/1/44.

Sanctions the two estimates referred to, pointing out the source to meet the cost of the estimate for Rs 5490/- during the current year, for the first portion of the first stage of the Scheme

MC 2/2-2 44

From the D.C. Mandya Dist
Per A_5 - 2414/42-43 dt 2 8-43

Tels for sanction two estimates for Rs 5490 and Rs 4635 for the immediate requirements of drainage in the Melkote minor mdy, the and recommends that the entire cost may be met by grant from the T I Grant for the current year, as the finances of the Mdy are meagre

1) The Comprehensive scheme for the Mdy is for Rs 33.650 It is stated that a cheaper scheme cannot be prepared as the drains in this scheme are all necessary

Flag 'S'

2) A part scheme for Rs 10,125 provided for immediate requirements has also been prepared. This last scheme can be executed in two stages, Viz Rs 5490 and Rs 4635 during the current year & the next.

3) As Melkote is an important Hindu Pilgrimage the DC has recommended sanction to the estimates for Rs 5490 & Rs 4635 the entire cost being met by grant from the T I Grant as the Mdy Council is unable to meet even a moiety of the

4) The closing balance of the Mdy for the previous year is 4132 9 and of financial condition is not satisfactory A Copy of the DC's review on the budget of the Mdy is also put up for perusal & orders

Flag 'T'

5) The DC Mandya has reviewed the proposal as directed by the Govt (Flag T) and estimate to make up a part estimate of Rs 10,125 out of which Rs 4635 have been sanctioned by the Govt

6) In the cases mentioned by the Deputy Director, one of the estimates for Rs 5,490/- may perhaps be sanctioned as being a part of the past estimate for the drainage in the Melkote municipality. The entire expenditure may be met out of the Improvement grants for the current year. For orders.

Law Secy 9/8/43

SECY L.S. DEPT 1387 9/8/43 COPY TO

7) As for the year the payment of the first stage of the work estimated at Rs 5490/- may be sanctioned, the entire cost being met from the T.S. grant since the financial condition of the Municipal Council is very bad & it cannot meet its share. But it must be ascertained first, whether the Council would undertake and if the work can be taken up & finished this year. (8) Where there are two parties for work can be executed, preference may be given to the party of the town & the work cannot be taken up at all

Calls for information on critical points

from the Director of P H

No C 223-2/42-943 dt 17.9.43

furnishes the information as called for in the matter

II) The D C Amraoti has submitted proposals for sanction to execute a part of the comprehensive drainage scheme of the Mockole Minor Hill, in two stages at an estimated cost of Rs 54 lakhs Rs 4,635/- respectively during the current year in the entire cost being met by Govt

III) At para 7, it was decided to sanction part I of the first stage of the work to which estimated cost Rs 5490/- for the current year, the cost being met out of T.D. grant for 43-44

IV) The Dir of P H was consulted as to whether the requisite material is available for the work and to be taken up this year and whether the two portions of the work proposed could be

4) 833 J1879 elkote drainage scheme

any useful purpose independently even of the rest of the work cannot be taken up at all

(c) In reply to this the Director says that there is no difficulty to get the cement for the work and that a very useful purpose would be served even if the whole of the scheme is not taken up for the time being

(d) It is for orders whether both the parts of the I stage of the scheme estimated to cost Rs 5490/- & Rs 4635/- may be sanctioned or whether a part of the I stage which costs Rs 5490/- may be ordered to be executed during this year. In both these cases, the entire work has to be met out of the T D grants for 43-44

(e) Submitted with reference to para 7 supra

The three estimates for Rs 5490/- and Rs 4635/- may be sent to the Chief Engineer of Mysore P W D for scrutiny in the first instance

20) The Melkote Rural Water-Supply proposal to execute the first two stages of the comprehensive drainage scheme at an estimated cost of Rs 5490/- and Rs 4635/- respectively during the current year 21) under para 7, it was ordered that part I of the first stage which costs Rs 5490/- may be executed during the current year, the entire cut-lining from the part and the latter portion of the same para, it was also ordered to be enquired whether this cement is available for the work and whether these two portions of the scheme of work could serve any useful purpose independently even if the rest of the work cannot be taken up at all. In reply to these two questions, the Director of P H has replied in the affirmative and the above two estimates

6/1879 Melkote drainage scheme

Continuation Sheet | File No / Current No | of | Page

were framed by the chief engineer, P. W. D. to be in order

Points for orders are ——

2) whether a portion of the 1st stage costing Rs 5480/- only may be ordered to be executed during the current year, as per notes at the earlier portion of para 7 supra —

or whether both the parts of the I stage aggregating Rs 10,1257- may be taken up during this year

3) In either case, the cost has to be met by the portion of the T & grant for 43-44, as the financial position of the local bd does not satisfactory Subject — Reference para 7 of the notes

GEN & REV SECRETARIAT 3 AUG 1943 L S.G BRANCH

SIR,

Subject Drainage Scheme in Melkote Town

With reference to your letter No L 8880/M1 89-42-8 dated 5-6-43 stating that the above proposal may be deferred till next year as the entire allotment under the Town Improvement grant had been distributed, I have the honour to state that the Director of Public Health has forwarded 2 estimates for Rs 4635/- and 5490/- for the immediate requirements prepared by the Sanitary Engineer and requests that the estimates may be countersigned and funds made available for taking up the work

The Estimates were sent to the President, Melkote for furnishing the opinion of the Municipal Council The subject was placed before the Municipal Council on 20-6-43 The Municipal Council have resolved that in the present financial condition, they are not in a position to provide funds and request that Government may kindly be pleased to grant the entire amount

It is needless for me to state that as the resources of Melkote Municipality are too meagre, the Municipal Council cannot find funds for any improvement works As Melkote Town is an important place of Pilgrimage and distinguished visitors often come to the place This place had to be kept clean and tidy The construction of proper drains to the town is a long felt necessity

As the income of the Municipality is too inadequate to meet the cost of the part Scheme proposed by the Director of Public Health, I recommend that Government may be pleased to sanction the entire cost out of the Town Improvement grants for 1943-44

The entire file containing the estimates and plans for the comprehensive drainage scheme and the part Scheme received from the President, are submitted for kind reference and sanction of the estimates

I have the honour to be,
Sir,
Your most obedient servant,

Mir Safdar Hussain

SIR,

Drainage Scheme in Lalbagh Town

1414
8338
With reference to your letter No L 1913/A1 74-43-2 dated 11th August 1943 calling for certain information in connection with taking up part I of the first stage of the work, I have the honor to state that cement is now available and there does not appear to be any difficulty in getting the necessary cement for the work. If both the portions of the work totalling up to Rs 10,125 (Rs 5490 plus 1635) are taken up immediately and completed, it is considered that a very useful purpose will be served independently even if the rest of the works are not proposed to be taken up for the time being.

A copy of Sanitary Engineer's letter No 311 dated 2nd September 1943 furnishing the above opinion is enclosed herewith for the information of Government.

I have the honour to be,
